Gettysburg Elementary School IDAC Qtr 4. May 23, 2024 Minutes

Gettysburg held a Multicultural Fashion Show on May 23rd during the school day and followed it with an evening event called "Taste the World." Cristina Gonzales coordinated families to bring food to share with the community that highlighted their culture.

Katie mentioned that in the future we will look at having an evening fashion show and the Taste of the World to get more involvement.

Katie reported that it was a goal to provide different opportunities throughout the year that highlighted different cultures and a focus on inclusion.

The following events that took this place this year were

October - Hispanic Heritage Month

November - Indian Heritage Month

February - Black History Month

March - Irish Heritage Month

April - Autism Awareness Month / Disability Awareness

May - Multicultural Fashion Show - Cultural Profile (Block G point)

A parent suggested that we let students that are not involved in the fashion show be encouraged to wear clothes from their culture. It was also suggested to tie the event in with another event to get more engagement.
